

**OXY'PHARM®**

## **BIO-CHEMISTRY** **dedicated to disinfection**

### **NOCOSPRAY**

**Surface BIO-DISINFECTION using a dry  
and invisible fog diffusion (based on hydrogen peroxide)**

**BIODEGRADABLE UP TO 99.9%**

**NON TOXIC**

**NON CORROSIVE**

**WITH NO RESIDUE**

**Bactericidal - Virucidal - Fungicidal - Sporicidal**

**Numerous studies available :**

**IN VIVO and IN VITRO**

Legionella pneumophila

H5N1 - MRSA - Aspergillus Niger

Mycobacterium smegmatis - Clostridium Difficile

**ULTRA-RAPID APPLICATION  
IN ANY PART OF A BUILDING  
AND ON SURFACES OF ALL KINDS**

**ECOLOGIC USE SUPPLYING A RADICAL SOLUTION  
FOR THE FIGHT AGAINST NOSOCOMIAL INFECTIONS**

oxy'pharm®

## PROCESS OF AIR AND SURFACE DISINFECTION

by dry and invisible fog based on hydrogen peroxide (NOCOLYSE)  
generated by a portable diffuser (NOCOSPRAY)

The diffused micro-particles (5µ) act by oxidation of the micro-organism cell membrane, causing their immediate destruction provoking no resistance.

This process has a complete spectrum of action:

**Bactericidal - Virucidal - Fungicidal - Sporicidal**

0499 (Medical) CE marking - Manufacture with ISO 13485 & 9001 standards

### NOCOSPRAY / NOCOLYSE APPLICATION :

- Very easy-to-use
- Enables the decontamination of all indoor areas including equipment
- Diffusion on every cm<sup>2</sup>, with no humidity, no wiping, no risk of corrosion
- Very quick diffusion cycle (3 min for 50m<sup>3</sup>) and possible reuse of the treated area (30min)
- Low quantity needed (1ml for 1m<sup>3</sup>)
- NOCOLYSE is a disinfectant with no Formaldehyde, no Ammonium and no Halogens that leaves no residue (biodegradable up to 99.9%)
- Possible monitoring of the homogeneous distribution of the product, thanks to colorimetric strips (NOCOTEST)
- Possible check of the disinfection efficiency, thanks to contact boxes (NOCOBX)

### FIELDS OF APPLICATION

Clean rooms, Intensive care units, Medical, Dental and Veterinary Laboratories, Pharmaceutical, Consulting rooms, Schools, Hotels, Sanitized preparation areas, Electronic & computing equipments, Air-conditioning systems, Transport...

#### DISTRIBUTOR IN SOUTH AFRICA

#### **BIOCIDAL PRODUCTS PTY (LTD)**

Durban, Kwa-Zulu Natal

Tel: 031 708 2793

Fax : 088 031 708 2793
